April 2005 Newsletter

### Special Edition – Bird House Workshop

The Horse Creek Ranch Homeowners Association is pleased to offer a workshop where HCR property owners can build bird houses.

**Date:** Friday, April 22, 2005  
**Time:** 6:00 PM  
**Location:** HCR homeowner Dick Van Dyke's house  
(15520 FM 107, with the American flag out front,  
near the intersection of FM107 and Hwy 236)

Bird houses? The Wildlife Management Plan (WMP) that we've filed with the county and state require each property owner to fulfill three of seven "management practices" to sustain one of the wildlife species our plan dictates we support. One of the species our plan supports is songbirds and one of the management practices is shelter (or houses); thus bird houses.

**The HCRHA will pay for the supplies to build these simple bird houses** and we have the able assistance of property owners Dick Van Dyke and Doug Musel to show us how to do it. All you need to do is show up and be willing to work on bird houses that will be used on your HCR property.

If you have questions, call either Dick Van Dyke (254.366.3855) or Roy Martin (254.717.8161).

The HCRHA expresses thanks to Doug for researching and designing the houses, to Dick for sponsoring the workshop in his ... workshop, and to Doug and Dick both for volunteering time and tools in showing us how to build them.

We hope each of you can make it to the workshop and share some time with your neighbors as we build birdhouses, sawdust, and along the way, a community.

Roy Martin  
HCRHA Board President
